ENG302 Assessment Statement 2018

Course is endorsable

Year : 13

Course : English 302

Mr M Edgecombe

Total Credits : 32

This course is designed to help students become better at critical thinking. This means that they will not only analyse how texts work, but consider WHY they are giving the kind of messages they give, and why the text creators have used the techniques they've used. AS 91098 and AS 91099 are optional Level 2 exam standards which students can choose to sit if in need of University Entrance literacy credits. Students wishing to use English as one of their three subjects to qualify for University Entrance will need 14 credits in Level 3 English standards from this course (ie. Level 2 standards and the Education for Sustainability standard will not assist with this requirement).
